- Made from high density virgin grade polypropylene, this extensive range of semi open front small parts storage bins are at the heart of the Lamson Storage System.
- They are extremely strong, have no sharp corners, won't rust, and are UV resistant.
- They are easy to clean (will withstand normal sterilising methods) and are impervious to most industrial oils and acids
- The four bright colours (blue, green, grey, red and yellow) simplify warehouse coding, sorting and identification.
- With dividers, front retainers, dust covers and labels Lamson bins are the bins to organise your workspace.
